EDUCATION

Kennesaw State University - College of Computing and Software Engineering — Marietta, GA
Bachelor of Science in Software Engineering — *Expected Dec 2028*
- GPA: 3.56 / 4.0

PROJECTS

Ballrmkt | *React Native (Expo), TypeScript, Supabase, Astro, Figma* — ballrmkt.com (Waitlist live)
- Designed in Figma and built a mobile marketplace app for buying and selling soccer jerseys, with listings of up to 8 photos, offers and chat, orders and reviews, and report and block tools.
- Launched a bilingual (English/Spanish) waitlist and landing page where sign-ups get a numbered early-access card with their own member code.

Mano | *Next.js, TypeScript, FastAPI, PostgreSQL, Gemini* — Hacklanta '26
- Built the Spanish-first, mobile-first interface (onboarding, job dashboard, customer estimate, and approval link) of an estimates and invoices app for Spanish-speaking contractors, as frontend and UX developer on a team of four.
- Turns a Spanish description or photo of a job into a professional English estimate, and flags work the contractor forgot to bill.
- Extended it on my own branch with payment tracking, reports, saved clients, and invoice due dates.

Scoop Bros - Service Booking Website | *HTML, CSS, JavaScript, Stripe, Netlify* — scoopbros.co (Live)
- Built a pet waste removal booking site with a dynamic quote modal that prices across 11 service tiers based on plan type, number of dogs, and cleanup level, with ZIP code validation for 8 service areas.
- Integrated Stripe Payment Links for recurring and one-time payments, collecting customer details through Netlify Forms with spam protection before checkout.
- Implemented Meta Pixel event tracking across the funnel (Lead, InitiateCheckout, Purchase) to measure conversions.

Event Invitation & Gift Registry Web App | *Next.js, TypeScript, Postgres, Vercel* — abemeza.com/invitation (Live)
- Designed and launched a live event site with invitations, RSVPs, and a gift registry, collecting 12 RSVPs ahead of the event.
- Built a private gift-claiming system that let guests reserve 20 of 32 registry gifts (63%) while keeping who claimed what hidden from the host.

WORK EXPERIENCE

Chick-fil-A — Acworth, GA
Team Member — *Feb 2026 – Present*
- Prepare food in a high-volume kitchen during peak rushes of up to 150+ orders per hour, maintaining speed, accuracy, and food safety standards.
- Translate between Spanish-speaking guests and team members to resolve orders and keep service moving.

White Stone Solutions — Kennesaw, GA
Paver Installer — *Jan 2025 – Dec 2025*
- Installed stone and brick pavers across 20+ residential and commercial projects.
- Measured and aligned layouts to exact specifications while working in small crews to finish projects on schedule.

E. Smith Heating & Air — Marietta, GA
HVAC Installer Helper — *Jan 2024 – Dec 2024*
- Assisted with 50+ residential and small commercial HVAC installations.
- Supported senior technicians in diagnosing and troubleshooting system issues.

LEADERSHIP & INVOLVEMENT

Misionera Church - 7.14 Student Ministries — Marietta, GA
Youth Leadership Team, Worship Guitarist & Media — *Jan 2022 – Present*
- Serve on the youth leadership team, helping plan and run weekly services for 30+ students and larger conferences and events.
- Play guitar on the worship team for youth services and main church services (300+ attendees).
- Create video and social media content to promote services and events.

Society of Hispanic Professional Engineers (SHPE), KSU Chapter — Marietta, GA
Member, SHPE Coders — *2025 – Present*
- Designed UI screens in Figma for a chapter mobile app to share event updates, newsletters, and member messaging.
